RUST PROOF IRON,

FOR

ROOFING, WINDOW SHUTTERS, &c

THE subscribers beg to call the attention of all those interested in roofing to their GALVANIZED TIN PLATES, and to the many advantages which they possess over all metalic and other substances hitherto used for this purpose, possessing as they do, the strength and lightness of iron without its liability to rust having now been tested several years, both in this country and in Europe. They are also less subject to expansion and contraction from sudden changes of the atmosphere, than common Tin Plate Iron, Zinc &c, or any other metal now used for roofing, and consequently form a much better and tighter roof, requiring far less frequent repair, whilst the first cost is but a trifle more.

The subscribers would also call the attention of all dealers and workers in metal, to the many other purposes to which Iron thus protected, can be applied. In general terms it is applicable to all articles of iron which it is desirable to protect from the action of the atmosphere. And they would especially call the attention of those interested in TELEGRAPHIC LINES, to their Galvanized Wire which is now almost entirely used in Europe and which answers every purpose as a conductor of electricity, costing only about one half as much as copper, and possessing equal durability with that metal.

Having lately erected works for this only for the purpose of galvanizing Nails Spikes Bolts Wire &c, they will be able to furnish any article which may be desired. A supply of Plate (manufactured in Europe) constantly on hand, from 16 to 32 wire gauge.

For Sale by LUKE C CHIPMAN, 67 Water St, *BOSTON*.

THE above superior article is fast superseding the use of Leather Belting as for dust purposes it is in every way better. Its good qualities are that no degree of moisture will affect it, and it will bear almost any degree of heat. It is of equal width and thickness throughout and requires only one lacing in the longest belt. Practical mechanics who have used this preparation manufacture think there is again of 15 to 25 per cent in the movement of the machinery. It is perfectly flexible and runs with much less strain upon the pulleys and drums.

PATENTS.

AMERICAN AND FOREIGN OFFICE,

And Agency of the U S Patent Office, Washington

22 State Street—Boston.

THE subscriber by appointment from the Commissioner of Patents, is Agent of the U S Patent Office for the purpose of receiving and forwarding to the same all such models, specimens of ingredients and manufactures, as shall be intended to be patented, or deposited therein, which will be received and forwarded, free of expense and risk, to their owners, and with all possible despatch. The subscriber will prepare Caveats, Specifications Assignments, and all the necessary Papers and Drawings, will make researches into American and Foreign works for establishing the validity or utility of inventions, and render advice on all legal and scientific matters respecting the same. Patents secured in Europe and other countries.

By application at this office, inventors are saved the time and expense of a journey to Washington and delay there as well as all personal trouble in obtaining their patents. The experience of fifteen years in practice—an extensive collection of rare works, documents, decisions, &c on mechanical subjects and the Patent Laws—and patents of different countries, collected at much expense during the long time this office has been established, and to which daily additions are being made, together with accounts here kept of inventions patented at Washington, enable me to afford important assistance and information to inventors desirous of securing Patents which in other respects might be difficult of attainment.

DR. UPHAM'S

Vegetable Internal Remedy

FOR THE PILES!

A Cure for Life Secured.

For the cure of Piles, Inflammation of the Liver and Spleen Inflammation, Soreness and Ulceration of the Stomach Bowels, Costiveness and Bloated Inflammation and Mercurial Rheumatism (Impurity of Blood) Weakness and Inflammation of the Spine, and for the relief of Married Ladies.

THE VEGETABLE PILE ELECTUARY invented by Dr A Upham, a distinguished Physician of New York city is the only really successful remedy for this dangerous and distressing complaint, which has so long defied the Art medical public.

Much has been an INTERNAL REMEDY—but an external application, and will cure any case of Piles whether external or blind, internal or external, and probably the only thing that will. There is no mistake about it. It is a positive cure—*speedy and permanent*. It is a so convenient medicine to take, and improves the general health in a remarkable manner.

Each box contains twelve doses, at $1 3 cts per dose. It is very mild in its operation, and may be taken in cases of the most acute inflammation without danger. A few small applications only in the highest degree disease, inconvenient and offensive, and from the very nature of the disease, temporary in their effects. This Medicine attacks the disease at its source, and REMOVING THE CAUSE, renders the cure CERTAIN and PERMANENT.

INFLAMMATORY DISEASES

Although the ELECTUARY was originally prepared for the cure of Piles, yet it has proved itself a medicine far superior to all others, in all diseases of an inflammatory character, with a determination of blood to any particular part or organ. In inflammation and congestion of the Liver and Spleen, Inflammation, Soreness and Ulceration of the Stomach, Bowels, Kidneys and Bladder, in inflammatory and mercurial Rheumatism, it is the BEST Medicine ever discovered.

IMPURITIES OF THE BLOOD

For all impurities of the Blood, arising from the imprudent use of Mercury or other causes, for all diseases of the Skin, and Scrofulous Affections, in all cases where the blood is poverty by debilitating and the blood producing dizziness and distress, DR. UPHAM'S ELECTUARY is entirely unrivalled.

TO MARRIED LADIES

Married Ladies are almost invariably subject to that painful and inconvenient complaint, the PILES with consequent inflamation of the Stomach, Bowels and Spine, weakness of the back, flow of blood to the head, &c. The Electuary is perfectly safe for Pregnant Ladies, and the moment medical testimony that can possibly be used as it will not only remove the Piles and all inflammatory diseases, WITHOUT PAIN or IRRITATION, but will ensure an easy time, a safe delivery, and a sound constitution in the offspring.

CURE FOR LIFE GUARANTIED

The Electuary contains NO MINERAL Medicine no Aloes, Colocynth, Gamboge, or other powerful and irritating purgatives. No fear of taking cold while in use, no change in diet necessary. Take according to the directions, A CURE FOR LIFE IS GUARANTIED.

Pamphlets giving valuable information respecting this Medicine, may be had of Agents gratis.

D F BRADLEE, 130 Washington st Boston, General Agent for the New England States.

GREAT SUCCESS OF UPHAM'S PILE ELECTUARY.

Portland, Me, March 14, 1847

DR UPHAM—Dear Sir—I cannot express to you my sincere and heartfelt thanks for the wonderful cure I have experienced by the use of your truly valuable Pile Electuary. I have been a perfect martyr to the Blessing Piles for 10 years past, so much so that I became reduced to almost a skeleton, with loss of appetite, and general derangement of the digestive organs. My eyes also became affected, and in fact I was a miserable wretch myself. I was obliged to give up my business. I had tried all kinds of medicine, had the best advice the Doctors in Boston and this place could afford, at much money—and twice submitted to painful operations. I had become perfectly tired of life, and at the suggestion of my friends I was induced to try a box of your medicine. The first I found to relieve me slightly, still I persevered, and purchased a second, and assure you, when I got half through it, found myself getting well, still I kept on, and now I am a well man. My dear Sir, language cannot express the heartfelt thanks that I am once more restored to health, and now in a condition to support my large family, dependent on me for support.

You can use this letter as you please.

Yours respectfully, SAMUEL CHARLTON.

Thompson's Compound Syrup of Tar and Wood Naptha —If a man asks, common sense will suggest that he ought to have recourse to proper medicines for the removal of his ailments. This may be done either by consulting a respectable physician or by taking a preparation which has been properly tested, and met with the universal approval of the public. This plan, however is seldom adopted, owing to the specious advertisements of villainous quacks, who unblushingly assert that one particular medicine will cure every disease that flesh is heir to, from the tooth ache to the gout. These wicked fabrications are read by a majority of the people, who swallow the bait, the result of which is, the public are first plundered, then half if not quite poisoned and the rogue's fortune is made. *Good and demonstrative* How much better it would be, if people would inquire into the merits of a particular medicine before purchasing. It would remove all doubts and secure the purchaser from imposition. We make the above remarks to introduce to our readers Thompson's Compound Syrup of Tar and Wood Naptha, that preparation of *standard merit* on the relief of consumption, asthmatic affections and diseases of the lungs and throat. This medicine we have used with the most triumphant results, and many cases of affections of the lungs have come under our notice which were speedily cured by a few bottles of *Thompson's Compound Syrup of Tar and Wood Naptha*. Be particular and get the genuine. It is prepared only by Agney & Dickson, at the N E corner of Fifth and Spruce street.

The above medicine is for sale in this city by Hall & Young, agents, 4 Smith's Block.

DR. WARREN'S

SARSAPARILLA TOMATO AND WILD CHERRY

PHYSICAL BITTERS,

At 50 cents per Bottle.

SARSAPARILLA, TOMATO and WILD CHERRY BITTERS have now become a standard Medicine, universally approved by Physicians as a safe, speedy, and effectual remedy for *Scrofulous, Mercurial and Cutaneous Diseases*, Humors, Indigestion, Dyspepsia, Bilious Disorders, Fever Complaints, Costiveness, Weak and Sore Stomach Ulcers and running Sores, Swellings of the Limbs, Pain in the Bones Tumors in the bones, Rheumatic affections Salt Rheum Erysipelas Blotches Pimples Pustules or the face or body, Cancerous sores, Ring Worm Chronic Catarrh languor, debility headache, dizziness, sallow complexion, and all those disorders arising from the abuse of Mercury, from an impurity in the blood, no matter how caused.

The extract here presented after directions given by the celebrated Dr Warren whose name it bears in itself will be found superior to any preparation of the kind now in use. It is highly concentrated, entirely vegetable, and very finely flavored to the taste. The change which it produces in the condition and tenacity of the system is *speedy and permanent*.

As a Spring Medicine for purifying the blood—strengthening the stomach and body and checking all consumptive habits, the Sarsaparilla, Tomato and Wild Cherry Bitters are entirely unrivalled.

THURSDAY, SEPT. 16, 1847.

☞ The newspaper press in the city of Lowell are very indignant, and very justly so, on account of the proceedings of the Post Master there in bestowing the advertising of the list of letters. The wishes of the Post master run counter to the requirements of the law, and he undertook to whip round a stump and thus violate the law and at the same time shift the responsibility. But every loophole of his hiding places is likely to be exposed and the whole matter of collusion between and the printers town up in strong light.

The Postmaster in this city, manages differently. He dont like the provisions of the law about advertising the letters and therefore he tramples it under his feet and advertises the list of letters where he pleases. He dont put himself into any perplexity in the way of investigation as to the amount of the circulation of any of the papers here, but he prefers that the list shall be published in the Bangor Democrat. [illegible] his brazen face is having digested well, [illegible] party even at the expense of his conscience and in disregard of the provisions of the law. The Lowell Journal suggested might take a lesson from the Postmaster in this city and visit the law without adding the sin of meanness and trickery. Our Greenleaf here offends openly and boldly and dares let the transgressions and out undisguised before the world. His party paper is getting rich honestly pay and he has no idea of his losing the Post office fat.

Cattle Show.

A great effort should be made by the Farmers and indeed by the whole community to have the Penobscot Agricultural Exhibition, a great affair. The practical importance of a brilliant agricultural show is very great and will produce a lasting effect in our county. The great art of farming needs encouragement and needs to be made attractive and popular. Much can be done in this way by an annual Fair.

Again, the annual gathering of the people of the county on the occasion of the Agricultural show is a beneficial social matter. It serves to bring men of extreme points both in geographical lines and in lines of opinion, together, where they may freely consult and suggest, in perfect agreement, and in social confidence. It may thus be made a great Festival of kindly social feeling, which will benefit all who attend.

The premiums offered are worth contending for by farmers and manufacturers, but the other pleasures and benefits of the occasion are worth more.

It is expected we learn that several gentlemen will deliver addresses upon the day of the show and that every effort has been made by the Trustees to have a show altogether superior to any one ever held in the county. In order to secure this it is necessary for every man to do something towards it in the way of exhibiting his productions or specimens of his work, or go and see what others exhibit. The women of our city (and they are all ladies, that is, if any body thinks a *Lady* is better than a woman) intend to be there in large numbers.

Gen Tom. Thumb.

This highly interesting personage, who has for sometime been quite the wonder of the world, will visit this city on Tuesday, and hold his interesting levees at Market Hall on the 21st, 22nd, and 23rd days of September inst. This is the veritable and unmistakable General who has visited the several kingdoms in Europe, and been petted by royalty. His forenoon exhibitions, will afford a fine quiet opportunity for the Ladies and children of our city to visit the General, and hear his narratives, and his songs, and witness his activity and sprightliness. We had the pleasure of paying the General a visit a few weeks since, and found him exceedingly interesting.

☞ Mr Hopkins juvenile singing school has been opened for the fall term and deserves to be well patronized. Our citizens who have children attending the public schools should take an interest in the matter and see to it that the services of Mr Hopkins are secured to all the schools.

We learn from the Boston Pilot that Isaac Woodman, a native of Maine fell from a chimney 35 feet in height, at Gray & Ives Foundery at South Boston, Thursday evening and was so badly injured that he was immediately conveyed to the Hospital. We [illegible] that the accident was the result of [illegible] no [illegible] to [illegible].

The Native American National Convention recently in session at Philadelphia, have received letters from Henry Clay and General Taylor both declining a nomination to the Presidency by that party.

The Louisville Journal states that Hon George H Proffit of Indiana, formerly a member of Congress from the Evansville District, and more recently a minister to Brazil, died in that city on the 7th inst.

On Friday evening about six o clock, Mr Joseph Jackman, fireman on the train from New York via Norwich, fell from the engine on the Worcester Railroad in Framingham, and was killed. The whole train passed over his body.

Later and Highly Important FROM MEXICO.

FURTHER PARTICULARS OF THE TWO GREAT BATTLES.

American Loss 1200!

LOSS OF THE MEXICANS 5,000!!

[From the New York Sun—Extra.]

By an express from the South we have the following important despatch from Vera Cruz:

VERA CRUZ, August 27, 1847.

A Messenger had just come in by the Orizaba road, who brings another Mexican version of the battle at the Capital. The substance of the news is as follows: Gen Scott fought the enemy two days, driving them before him some distance. They were reinforced twice during the engagement with fresh troops and rallied but were completely routed at every point and at last fled into the city and begged for quarter.

The Tacubaya road was literally filled with Mexicans. Their ranks being decimated by the surgeum of our troops they left hundreds of their dead and dying on the road. We could literally have made a bridge of the dead from Tacubaya to the city of Mexico three miles distant. Their loss is stated at betwe en Five and Six Thousand!! Our loss is put down at about Twelve Hundred!!

The Mexican skulked behind the arches of the aqueduct and after the battle thousands of the dead and dying were found there. General Scott overtook an immediate surrender of arms and gave the soldiery permission to retire from the city. The roads leading from the city to Guadaloupe, and other towns were crowded with men women and children, returning to the mountains. The greatest confusion and distress prevailed among them.

General Scott is said to have taken possession of the city and placed guards around the Cathedral and other churches to protect them from robbery and preserve their valuable plate furniture, &c.

The Mexicans robbing and plundering each other and all the dwellings supposed to contain valuable property in the city as soon as the battle commenced and although Santa Anna boasted of having 60,000 armed men on duty to preserve order yet the greatest confusion and disorder prevailed. Gen Scott used every effort to save the public property and protect the inhabitants from the hordes of robbers and assassins who had gathered in the city.

A remnant of the Mexican army fled to the mountains which it is said would organize into guerilla bands to operate wherever a chance occurs for cutting off supplies or robbing the population.

Important Rumor.

A letter from Mr Larissen, of the New Orleans Picayune to the Charleston Courier, says that Gen Scott has been elected President of Mexico, to serve until the 18th of January.

☞ The latest rumor from the South, that Gen Scott has been chosen President pro tem of Mexico, though palpably absurd, is not necessarily false. The enactment of an absurdity would be by no means an novelty in the distracted Republic on our Southern border. If Gen Scott has been elected to the Mexican station spoken of we trust he will not stand on ceremony, but attend to the opening of Mr Trist's portfolio and agree to his terms if possible. Both nations unspeakably need Peace and if Gen Scott has the gift in his power they will soon be blessed with it. Honor, all glory to him who shall achieve Peace! There is no victory like that.—N Y Tribune.

☞ We add to day a few more scattering returns from the election. We find nothing in them of any remarkable interest worth figuring and recording and as any body can find much satisfaction in such employment they may work to their heart's content without let or hindrance from us, for we have no wish for such indigo looking blue room affairs.

☞ A W H Clapp, the loco candidate for Congress is elected.

Speak Correctly.

In common conversation, endeavor to speak good sense and talk grammatically. You can judge somewhat of a man's mind by hearing him converse. He may not be a great talker—but he is correct in his language and in the pronunciation of his words. It is the easiest thing in the world to converse correctly—in good taste and to the purpose. Strive to excel in your conversations and prayers. Then whatever you may say will be listened to attentively and carry with it much weight.

Washingtonian Meeting.

The Penobscot County Washingtonian Total Abstinence Society held its quarterly meeting in the Meeting house, at Carmel Village on Tuesday, the 7th day of September, inst. At 10 o clock the meeting was called to order by the President, Joel Whitney, Esq, of Plymouth. After prayer by the Rev Theodore Hall, of West Waterville the meeting made choice of Bro Stephen Hardy, of Carmel, for Secretary pro tem.

Choice was then made of the following gentlemen to repor resolutions at the afternoon session, to wit: C H DeWolfe, of Eddington, Samuel Butman, of Plymouth, John Fuller of Carmel, A H Briggs of Carmel; and Ward Chase, of Plymouth.

After some further business relating to the cause, the Convention adjourned till half past 2 o clock, P M at which time the meeting was called to order the Committee on resolutions was called upon and reported the following preamble and resolutions.

Whereas the Temperance Reform was commenced by a patriotic and philanthropic class of one, and, under God has been, has been instrumental of vast good to humanity generally, and to communities and persons in particular, and whereas its progress and blessing have been in proportion to the means used and whereas it is at present making but a slow advance, and professed and pledged supporters so inactive and remiss in their duties generally, it is therefore.

Resolved, That we, the members of the Penobscot County Washingtonian Total Abstinence Society, are of opinion that it is high time for temperance men to wake up and choose whom they will serve, God and Humanity or Gin and his legion of allies—and in order to be consistent temperance men either work more ardently for cause to profess friendship for the cause.

Resolved, That the temperance cause is as important now as it ever was, as much labor to be done now as there has been done before and more reason why it should be done—and while the drunkard reels, or the rum seller continues to revel and debauch depraved appetites and community can look upon the scene without emotion, no true temperance man can be permitted to relax his effort or to slacken his zeal.

Resolved, That unselling is a great crime, not only an offence against the laws of the State but a deep insult to civilized society, equal in moral turpitude to either larceny, forgery, or counterfeiting, and when carried to a certain extent it should be classed with murder, and while it is not inconsistent with Washington sin to guard community from the result of these crimes, so it will warrant a land or law ful exertion to secure to society an exemption from it equally great pest—rum selling.

Resolved, That we despair of a speedy and complete triumph of total abstinence from all that intoxicates, until public sentiment, by its express oh and action, awards to the vendor and sympathizer the odium of measures if possible that their conjoined vices merit, by dealing with them as with other criminals and violators of our State Statutes.

Resolved, further, That nothing short of a complete intemperance, to extend universally the blessings of total abstinence, and to behold the time when all cold shall be hurled away in the apothecary's shop and labor to be labelled, as every person ought to be, it is necessary that temperance men of all persuasions and names should come together with union, and without jealousy, and in the grand onslaught upon the strongholds of our common enemy.

Resolved, That we hail with joy and recognize with pleasure the outward tokens of the Orders of the Sons of Temperance, Daughters of Temperance, Rechabites, and Daughters of Rechab as assistants of great value in carrying forward the temperance reformation, and to this end pledge our hearty co operation, and bid them God speed.

Resolved, That we deeply regret that some communities have cause to complain of the apparent indifference of some of our clergymen, in not putting both *public* efforts in the temperance cause and not pointedly enough disapprobating the actions and influence of some of their brethren, the audiences and communities with whom they labor.

After an able and interesting discussion, (in which Rev Theodore Hill, of West Waterville, Col S Butman, and J Whitney, Esq, of Plymouth, Sewall Stanley, Esq, of Levington, A H Briggs, Esq, of Carmel and C H DeWolfe, Esq, of Old Town, took part,) those resolutions were passed, each separately.

Convention then adjourned without day, after appointing a committee to confer with Rev Theodore Hill, with a view of engaging him to lecture for six months or a year in this County, and voting that the doings of the meeting be published in the Cold Water Fountain and Bangor papers.

The time and place of next meeting is to be notified by the President, through the papers.

JOEL WHITNEY, President.
STEPHEN HARDY, Secretary, pro tem.

Faneuil Hall

This structure is one hundred and seven years old. On the 4th of July, 1740, Peter Faneuil a distinguished merchant in Boston, made an offer, in a town meeting, to build a market house, the town being without one. The offer was accepted by a vote of 367 to 352—so nigh was a chance did Mr Faneuil secure immortality to his name by connecting it with the Cradle of Liberty. The building was begun the next year and finished in 1742. The generous donor so far exceeded his promise as to add a spacious and most beautiful Town Hall over it, and several other convenient rooms, as the description published at the time represents them. In commemoration of his generosity the town by a special vote conferred his name upon the Hall, and as a further testimony of respect it was voted that Mr Faneuil's picture be drawn at full length at the expense of the town, and placed in the Hall.

Mr Faneuil died on the 3d of March, 1743.—The first meeting of the inhabitants of Boston, held in Faneuil Hall was held on the 4th of the same month, for the purpose of a funeral Oration on the donor.

A New Kind of Cotton.

One discovery often leads to another, and science seeking to test new experiments has not unfrequently fallen upon hitherto unknown and valuable results. We learn from the Medical Journal, that a physician in Georgia is recently attempting to prepare gun cotton from a receipt sent him by a brother physician, was unsuccessful, and found to his astonishment that his cotton would neither explode nor ignite being anti inflammable. On investigating to find out the cause he found that he had not used the right acid, muriatic acid we suppose. He repeated the process and the result was the same, so that he claims to have discovered a method of rendering cotton incombustible. He says that this cotton can be prepared with little expense, as he has tested the matter sufficiently to know that it can be manufactured into cloth the last and texture of the cotton but to the least injured, but capable of being made for all things with as much ease as from the common material.

☞ Much speaking of Jenny Lind days.

To call Jenny Lind a Swedish nightingale is a compliment to the bird, which will sustain all its feathers in his cap—or, we should rather say, his tail—for the remainder of his existence.

The Teacher's Institute—For York County,

closed on Friday evening. Between eighty and ninety Teachers were in attendance. The closing exercises, were, an address by a member of the Institute to the Board of Instruction of the Institute followed by a reply from Mr Piperghe President of the Institute.

Much interest was manifested throughout the session, by citizens as well as Teachers.

The Institute passed a series of Resolutions approving the action of the Legislature in establishing the Institutes,—and recommending all Teachers to avail themselves of the advantages herein,

At the closing exercises, the Court House was much crowded and after the adjournment of the Institute, the citizens of Alfred, who were present, called Judge Goodenow to the chair.—Mr Appleton of Alfred offered a series of Resolutions, approving of the Teachers Institute, and of the management of the one just closed—which were unanimously passed. A catalogue will soon be published, embracing the names of all engaged in the Institute, the Resolutions passed &c. The work has been very well begun, and will undoubtedly go on vigorously.—Eastern Argus.

Ornaments called 'Ladies' Pages,' are now in a high in Paris consisting of a gold chain and large suspended by a chain to the waist and constructed with a spring by which they hold up a lady's dress in crossing wet sidewalks from shop to carriage.

This Company offers the following advantages:

1st. With the premium of twenty five dollars annually, one fourth may be paid in cash and three fourths in notes at twelve months, with a very trifling discount interest, or it may be paid half yearly quarterly or monthly. Parties taking *life policies*, and paying *fifty per cent* of premium in cash and close taking policies for a *shorter period*, and paying *sixty per cent* in cash (if over fifty dollars per annum) may give their individual notes for the balance, if satisfactory to the officers.

Whole number of policies issued in 24 months, to the 1st of May 1847, 3718.

Whole amount insured thereon $2,290,98

Dividend of profits January 1847, 35 per cent.

This Company has now been two years in operation and it is a gratifying circumstance that its progress has fully tested the principles adopted for its management and has far more than realized the most sanguine expectations of its friends.

Its remarkable amount of business, which is without a parallel in the history of Life Insurance, shows that it is gaining in public confidence and that here is an enriched dispensation to a community to avail of its beneficent operations.

PAINT.

AFTER experimenting for several years the subscriber is able to offer to the public an article of

'CHEAP PAINT',

with which Dwellings, Out Houses, Barns and Fences are painted, and have a neat and handsome appearance. Its cost compared with Oil Paint, is very trifling yet it is very handsome and durable. It has been fairly tested, and found to be a splendid article.

WOOD, STONE and BRICK WORK, Outside—and to CEILINGS PLASTERED WALLS, &c, inside. Old Buildings and Fences, which have been standing for ten or twenty years without being painted are now created with this composition, and have an appearance nearly equal to new—Boards upon buildings and fences which have not been planed, are readily covered with it and it is a very superior article for covering whitewash which inclines to rub off, for it perfectly prevents the rubbing off, and is very brilliant.

RUBBLIN SHALER
Madison, New Haven County, Conn.

Manufactured in the various colors ordinarily used.

N. B.

B F WILEY would respectfully inform the citizens of Bangor and vicinity, that he has purchased the right to make vend and use the above named PAINT,—kept constantly on hand and for sale wholesale and retail, by

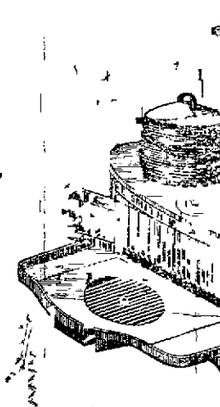
441 OF THE



TROJAN PIONEER COOKING STOVES,

Sold by us since April, 1847.

THE above STOVE stands unrivalled by any other cooking stove in the United States as regards family economy and advantages that no other stove ever had. The Ladies admire the TROJAN for the ease and convenience of cooking by it. The ovens are about the only ones in use which will bake quick and even with hard coal, and for wood there never was their equal. Thousands of these Stoves have been sold in this State during the past season, and the numerous testimonials in their favor leave them to be beyond a doubt the best cooking apparatus in use. Any number of references can be called for, which will prove the above to be correct.

THE GRAEFENBERG PILLS.

THERE ARE THE MOST CONCLUSIVE REASONS why that class of Medicines denominated "PATENT," should be made the means of incalculable and enduring blessings to the human family. Suppose, for example, that a high order of talent long and sagacious observation, and great medical learning and experience are brought to bear upon the invention and manufacture of a PILL. Why may not this long devotion to the division of medical science be crowned with the success of its intended sacrifice of similar talents and toil in other things? There is no reason, and it is but the simplest dictate of the simplest common sense to say that a Pill thus produced will be as perfect an article as can be made by man. *Twenty-five years devotion to any one subject will give a man of ability the mastery over it.* This labor has been bestowed upon the

Graefenberg Vegetable Pills

and they are presented to the public with claims unparalleled in the whole history of medical science.

It will be seen, in tracing the history of all great inventions, that they were not made of discovered until the arrival of what may be termed THE EMERGENCY of TIME. The mariner's compass, for instance, was not invented until in the "fullness of time" it was needed. The loadstone always lay at man's hand, but he never knew what a wonderful and unerring guide was treasured in its silent bosom until the divinely appointed time drew near when distant continents and islands were to be invaded. He had it now transferred to the bosom of the adventurous sailor, enabling him to launch far away upon unknown Oceans, instead of timidly sailing within sight of familiar land marks.

So with the discovery of the New World, upon whose shore a web to arise this Great Nation to a power, a glory, a mission far beyond the conception of the wildest fancy. The Old World had reached its highest state of civilization, and the time drew near for the revolution of the Needle, and behold! the immortal Columbus, from the fortunate of his drenched and leaky vessel, found it! So with the invention of printing, of steam, of the magnetic telegraph. Each of these has its own "fullness of time," marked, distinct and Providential.

☞ IN MEDICAL SCIENCE THE SAME CHAIN EXISTS—SOMETIMES SEVERAL MEN ARRIVE AT THE SAME PRACTICAL DISCOVERY. Most beautiful are the illustrations and proofs of this which are to be found in the history of the world. We can trace them from the Mosaic dispensations down to the present hour, all of them touching us the lesson and giving us the hope that something yet better to heal human maladies is at hand.

That this principle is as true of Medical as of Physical sciences, is clearly shown in the

GRAEFENBERG GAZETTE,

which is furnished, gratuitously to all who wish it—The

Graefenberg Pills,

are deemed by all who have tested them to be on a conceivable advance upon all other medical compounds, and discovery as hitherto known, and they are announced as

THE GREAT REMEDIAL TRIUMPH

The inventor of these Pills rests his theory upon no second one dogma of ordinary medical teachers. Planting himself upon the revelation of the

ALMIGHTY CREATOR,

THAT

"THE BLOOD IS THE LIFE,"

that his disciples and his patients make pure the life current, before they can hope for PERMANENT CURES. He finds in this the sum and substance of all his hopes and joys, and he must come from a pure blood.

But most and bought here comes in! Countless are the impositions which are practised upon the public by pretenders, and so numerous and boastful are the new and adverised, that their order may be slow to believe in this Great Remedy. A word, then, first, of this point.

In the first place, READ THE GRAEFENBERG GAZETTE. No matter how it cost you, you may now be, that paper will convince you. Thousands have been purchased in every State and Territory in the Union, and among them distinguished Statesmen, Clergymen, Physicians, Lawyers. The best testimonials of the Pills will fill those pages. Let the reader send for the most convenient agent, for a copy of the Gazette, which can be had

GRATIS!!

In the second place TRY THE PILLS. It will cost but the merest trifle, and will introduce you to a medicine, which you will deem a friend, to the end of your days.

A thousand times the pressure on the minds of the advertisers, with the world rejecting to speak the truth, but the limits of this text cement forbid. But let any one afflicted with the following diseases make trial of the Graefenberg Pills and they will be PERMANENTLY CURED!

In all bilious or chronic disorders, these Pills achieve the most wonderful triumph. HERE THEY REPEAT OF THEMSELVES. And as the susceptibility of the human constitution to these diseases, they are aptly styled by some

The Pill of the New World.

Their wonderful efficacy in these complaints arises from their power to OPEN THE PORES, CLEANSE AND STRENGTHEN THE STOMACH AND BOWELS, TAKE THE LININGS OF THE STOMACH AND CLEAR AND TONE THE SYSTEM.

It is impossible within the limits of an advertisement, to give the reader the reports of the many astonishing successes of these Pills. But REASONS DO EXIST, which should be abundantly satisfied the minds of thousands in this country, and among them the accomplished Physicians, Jurists, Clergymen, and private citizens, male and female.

☞ Never do CERTIFICATES of the good and efficacy of these Pills might be presented, but a certificate in these days is scarcely worth the paper on which it is printed. A few extracts from the correspondence of the Company, will, however, be given.

FROM INDIANA

'Your enterprise in the enterprise of display. Its magnitude will astonish the originators. It is destined to effect a complete revolution in the medical world.'

FROM A JUSTICE OF THE PEACE IN WESTERN NEW YORK

'I thought it a number of boxes to the citizens of this place. They have given entire satisfaction, and they also deserved to become the most popular Pill of the day.'

FROM TOLEDO OHIO

"Having heard so much, and witnessed so far three cases treated in the family directed by your Journal, I have thought it important you should have an agent at this place. In my opinion, more good can be done in this business by your medicines, than by the old window.

I address you at the instance of a friend who is making a thorough trial of your remedies, and with complete success.'

FROM A DISTINGUISHED GENTLEMAN OF BOSTON

Gentlemen,

I cannot refrain from troubling you with a few lines to express my great pleasure in being able to say, that I have experienced the greatest relief from the effect of your Pills. For many years I have suffered much from constipation, which has disarranged my whole system, and I have not known a day's good health for many years past, and being an old man, I despaired of ever again enjoying it, but a friend recommended me to try your Pills which I did, although without any confidence, the result I am happy to inform you has far exceeded my expectation, the cause of my complaint is nearly removed, and I feel my health and strength daily renewed, and I am satisfied that the merits of your Pills, when tested, must be acknowledged by the whole community, and will become the most popular medicine of the day.'

FROM JUDGE ——, OF GEORGIA

Sirs

Since writing to you last upon the subject of my ill health, I have been taking your medicines and am pleased to say, that they have been of great service to me, and if they continue to give me the relief I have a ready felt, shall bless the day you sent them. I need not allude again to the sufferings I have before told you of, but intend to persevere, and hope to be able, the next time I write to give you the happy intelligence of a perfect cure. I have heard of many instances in my neighborhood which can by have performed some extraordinary cures.'

FROM AN EPISCOPAL BISHOP

Gentlemen—I consider it to be the duty of every Christian to make known to the world any advantages that they may have derived by accident or from any discovery of their own, and with this sentiment strongly impressed on my mind, I feel great gratification in having it in my power to speak in the highest terms of the valuable discovery you have made in the production of your Pills. I was induced to try them, from the philosophical manner in which you have reasoned on the subject, and I must do myself the pleasure, and you the justice to say, that I had no conception so rapidly an effect could be derived at. My complaint has been that of the liver, from which I despaired of getting better, but since taking your Pills, I find my general health, spirits and appetite so much improved that I hope to find myself able to preach, without bodily suffering, the duties of an arduous Profession. In future I will send to you agent for more Pills when needed. With great consideration and gratitude, I am, &c

From every section of the entire country similar testimonials are daily received, but our limits forbid further extracts. ONE THIRD, THE GRAEFENBERG PILLS WILL SUPERCEDE ALL OTHERS

DEAFNESS CAN BE CURED!

COOPER'S EUSTACHIAN FLUID—A prompt and lasting remedy for DEAFNESS, also for deafness and discharges of matter from the Ears.

Hundreds of cures in Europe are deemed utterly hopeless have firmly established its superiority over every former medical discovery.

This valuable Acoustic Medicine is a compound of four different Oils, one of which, the active and principal ingredient is obtained from the barks of a certain species of Walnut, a new and effectual agent in the cure of Deafness.

Persons who have been deaf for 10, 15 and even 20 years, have been permanently cured by using this fluid. In fact, testimonials so emphatic have been the testimony also in its favor that the inventor claims for it the distinction of an Infallible Remedy in all cases, when the Ear is perfect in its formation.

DR. S. O. RICHARDSON'S CONCENTRATED Sarsaparilla Bitters.

THE Proprietor of this medicine offers to the public the result of an extensive practice and a thorough investigation of the laws which govern the human system.

It cannot be denied by those who have become acquainted with the qualities of these Bitters, that they possess a peculiar ascendency over all others now in use for the diseases which they profess to cure.

It is a well known fact, that most diseases arise from a derangement of the Stomach and Bowels in youthful adult and declining age.

The extensive sympathies which subsist between these and every other part of the living body, are the foundation of Nervous Diseases of all kinds—Irregular Appetite, Languor, Drowsiness, Wandering Pains, Headache, Downess of Spirits, &c.

And these in turn give birth to Dyspepsia, Palpitation of the Heart, Shortness of Breath, Jaundice, Piles, Fever, Inflammatory Humors, Coughs and a host of diseases which embitter life and poison all sources of enjoyment.

The distinguished character of these Bitters is most striking, their operation being more or less powerful according to the violence of the disease. When used in appropriate quantity, in cases of slight derangement of the Stomach and Bowels caused by costiveness or a slight bilious difficulty and the like, where nature needs assistance to prevent more serious consequences, they will be scarcely felt.

On the contrary, in obstinate cases they frequently operate more powerfully, causing two or three evacuations daily, until the circulating fluid becomes purified. This accomplished, they act on the system in connection with our food, each receiving mutual assistance until the constitution is restored to a state of health and renewed vigor.

JULES HAUEL'S PREPARATIONS!

TRY THEM, AND JUDGE FOR YOURSELF!

TO THE PUBLIC.

Wonderful! That's Right—A proper Principle adopted

YOU cannot object to giving my articles a trial. If they are not found to be as represented, return them and your money will be cheerfully refunded.—Remember, there is no *quackery*,—no *humbug*—here. A trial will cost you nothing—and if they do not hum bugged, it will be myself. With the utmost confidence I recommend to the particular attention of the public the following articles. First—

MY EAU LUSTRAL HAIR RESTORATIVE.

This universally approved and admired article, free from all inert spirits, pungent essential oil, and other destructive ingredients, cleanses the hair expeditiously, renders it beautifully bright, and imparts to it the delicate fragrance of the flowers. It excites the scalp to a new and vigorous action, cleanses it from scurf and dandruff, and its effect in the restoration and growth of the hair is unequalled by any other preparations of the kind. Second—

MY EAU DE VINE DE VENUS AND NYMPH SOAP.

Composed of an Entirely Botanical Discovery of Surprising Efficacy, for renovating the SKIN SOFT AND FAIR, as well as imparting a Delicate Roseate Hue to the Complexion

No lady's toilet is complete without this article. Its effect on the skin is strikingly beautiful, it removes all harshness, clears the complexion, and leaves a delicate roseate hue that cannot be surpassed. Third—

MY SHAVING CREAM.

"It is a luxury to shave with Jules Hauel's Premium—Cream"

This Cream is acknowledged by all who have used it to be superior to any in use. It produces a fine and rich lather. It does not *smart* or *irritate* the skin, on the contrary, it is very soft and highly emollient. No person will use any other, after once using this admired preparation. Fourth—

MY DEPILATORY POWDER.

This Powder has never failed to produce the desired effect. Its composition is infallible, and warranted to remove superfluous hair. Many ladies have used it, who were afflicted with hair on the sides of the face, arms, &c, giving a masculine turn to the features, and who testify of its happy effect. Fifth—

MY CELEBRATED VEGETABLE LIQUID HAIR-DYE.

A Chemical Result to enable persons to dye their hair instantaneously, and without the least inconvenience.

"My white hair has been changed like magic by using one box only of Jules Hauel's celebrated "Vegetable Liquid Hair Dye."

For changing grey, red, white, whiskers, eye brows, &c, to a brown, black or chestnut color. The slight and trifling inconvenience used not be feared from its use—it is altogether harmless. This composition is the only one sanctioned by the science of chemistry, and in an individual manner, the various gratifications of hair without danger or inconvenience and has justified the liberal patronage and unlimited confidence of the public.

☞ *Beware of Counterfeits!* Ask for 'Jules Hauel's Vegetable Liquid Hair Dye,' if you want the genuine article. Sixth—

MY UNRIVALLED ROSE TOOTH PASTE.

Is universally sought after, for the pearly whiteness it gives to the Teeth without the slightest injury.—Seventh—

MY CELEBRATED PERSIAN OR CHINESE POWDER.

Patronized by the Fashionable World of the United States and under the immediate patronage of the Ladies

This powder is unequalled for the nursery, for storing, beautifying and preserving the complexion, rendering the skin delicately white, smooth and soft, preventing cutaneous eruptions, chapping, and all manner of cutaneous perspiration. Travellers and residents in warm climates will highly appreciate this grateful appendage to the toilet.

NINE HUNDRED DOLLARS REWARD

Will be paid to the person who will prove that Jules Hauel's *Vegetable Liquid Hair Dye* is not the best,—the very best yet known in this country or in Europe. This vitalizing discovery will enable a person to dye instantaneously the hair or whiskers, in the 10 minutes without the least inconvenience. This preparation is warranted not to wash out, nor to injure the health of the hair, and retains all its brilliancy and brightness.

From a celebrated Chemist of the City of Philadelphia

"DEAR SIR—It is with a high degree of pleasure that I furnish you with my testimony in favor of your *Eau Lustral Hair Restorative*. I have not surprised by its unlimited and beneficial results, and have in most instances, that I believe it to be the most valuable life and extender of hair discovery ever known for restoring and reproducing the hair and hair roots, and of hair in regard to the *Nymph Soap*, *Hair Dye*, *Rose Tooth Paste*, *Depilatory Powder* and *Shaving Cream*, I must say that they are scientifically compounded and that it is a real luxury to use them. Yours &c

From CONSTANT COLLOT, Esq Attorney at Law, and Notary Public, Philadelphia

'From personal experience with Jules Hauel—an experienced and fashionable Perfumer and Chemist—I was prepared to appreciate the numerous testimonials in favor of his different fashionable preparations. On trial of them in my own family and on me of them personally, I have more than realized those favorable encomiums, which the world professes to be sacred literally prepared and compounded. I have at all times since my experience been convinced of the great merit of the *Eau Lustral Hair Restorative*, *Shaving Cream*, *Nymph Soap*, and, in fact, all the popular preparations of Mr Hauel.

It is with the greatest pleasure that I can recommend the above articles to all of my numerous friends, and the public. They are in their way, invaluable.

CONSTANT GUILLOU"

From DANIEL J DESMOND, Esq, Attorney at Law Consul General of Pontifical States, Vice Consul of Austria, Sardinia, Portugal and Tuscany

"To Mr JULES HAUEL

Sir—Though I have not the pleasure of a personal acquaintance with you, yet a sense of duty to yourself and the public generally, constrains me to bear my unsolicited testimony in favor of your different fashionable preparations. On trial of them in my own family, and some of them personally, I do positively declare that they are what they profess to be, skillfully prepared and compounded. I am convinced of the great worth or merit of the Eau Lustral Hair Restorative, Shaving Cream, Nymph Soap and Rose Tooth Paste.—I am fully satisfied of their intrinsic worth, and do heartily recommend them to all for the same purposes they are intended. Nothing can excel the beauty and lustre imparted to the hair by the use of the Eau Lustral Hair Restorative. It invigorates the hair and promotes its growth. The Shaving Cream is unsurpassed and decidedly excellent, being a fine and highly emollient composition—it does not smart or irritate the skin, while the Nymph Soap operates beautifully upon the pores of the skin, and cleanses it from all impurities. The Rose Tooth Paste imparts to the teeth a pearly whiteness, and is well calculated to preserve the teeth and gums from decay. They are in their way invaluable.

'I have seen some of my friends who have used your Vegetable Liquid Hair Dye, its effect is really a wonder. It dyes the Hair to an indelible manner in a few minutes, and the color of the hair is really beautiful, and none will detect the artificial colors, as it is so natural. Yours &c — DANIEL J. DESMOND

Dr. Townsend's SARSAPARILLA,

The Most Extraordinary Medicine in the World!

This extract is put up in quart bottles, it is more cheaper, I assure, and warranted super to any sold. It cures diseases without vomiting, purging, sickening or debilitating the patient.

The great beauty and superiority of this Sarsaparilla over all other medicines while it eradicates, it invigorates the body. It is one of the very best Spring and Summer medicines ever known. It purifies the whole system and strengthens the mind, but it creates new pure and rich blood. It is possessed by no other medicine. And in this the grand secret of its wonderful success. It has proved within the past two years, more than 3,000 desperate cases of disease, at least 2000 of these were considered incurable. More than

2000 cases of Chronic Rheumatism,
2000 cases of Dyspepsia,
4000 cases of General Debility and Want of Energy,
2000 cases of the different Female Complaints,
2000 cases of Scrofula,
1500 cases of the Liver Complaint,
2500 cases of Diseases of the Kidneys and Bladder,
8000 cases of Consumption,

and thousands of cases of diseases of the Throat, Ulcers, erysipelas, salt rheum, pimples, blotches, &c, together with numerous cases of chronic diseases, pain in the side and chest, spinal affection, &c &c.

This, we are a sure, must appear incredible, but we have letters from physicians and our agents from all parts of the United States, informing us of extraordinary cures. R Van Buskirk, Esq, one of the most specific druggists in Newark, N J, informs us that he can refer to more than 150 cases in that city. There are thousands here in the City of New York, which we will refer to with pleasure, and to most of whom we will refer to with pleasure, and to most of whom we will refer to with pleasure, and to most of whom
